\*Kindly note that there is a shift in the industry where training programs that are accredited by SETA's are being handed over to QCTO. EWSETA is our current accrediting body for this training program (Wireman License). They are responsible for the external moderation of all student files as well as releasing of statements of results which is what is used at the Department of Labor when you apply for the physical wireman license. EWSETA is in the process of relinquishing these responsibilities to the QCTO and that process is currently underway, please note your application will be registered under the current EWSETA system as it is still open and changes haven't been finalized yet, however should the transition from EWSETA to QCTO be finalized before you receive your statement of results we will ensure that you are registered on the new upcoming QCTO system.

I HAVE READ, UNDERSTOOD AND ABIDE BY THE TERMS AND CONDITIONS OF REGISTRATION AS STIPULATED IN THE SECTION ABOVE.
